President Donald J. Trump
1600 Pennsylvania Ave., N.W.
Washington, DC 20500

Priority:

Dear President Trump,

The Montgomery Independent, a local Montgomery newspaper, recently published a story announcing that two candidates are being considered for appointment to federal positions in the Middle Judicial District of Alabama:

1. Louis V. Franklin as United States Attorney in the Middle District of Alabama and,
2. Circuit Judge Greg Griffin as United States Federal Court Judge to replace Judge Myron V. Thompson.

Both are well known Democrats.

We, the undersigned Alabama Republicans and Trump supporters, do not believe that the appointment of Democrats to these important federal positions is in the best interests of the citizens of the Middle Judicial District. We have many good solid Republicans who vote for and support Republican candidates and policies. There is no need or precedence for a Republican Administration to appoint Democrats to highly sought-after Federal positions. We all fought hard and successfully to have Republican President Donald J. Trump in the White House. We need Republicans in other positions as well in order to heal our country from eight long years of liberal democrat policy.

Therefore, we the undersigned respectfully request that these two individuals, Louis Franklin and Judge Greg Griffin, be removed from consideration to these very important positions, and that these appointments be filled with individuals that represent and reflect your administration, our Republican voters and supporters and our combined Republican values.

Sincerely,
