Subject: [REDACTED]

The No Toll Army has grown to over 50,000 people. The army has become engaged in discovering corruption at our state agencies with hopes of finding funds to eliminate tolls on Mobile River Bridge. Thanks to a couple employees in the IT department at [REDACTED] it has been discovered that [REDACTED], spends his workday on gay chat sites and sends and receives nude photos of men through his smartphone using internet access from [REDACTED]. Some of photos that [REDACTED] sends out is attached. Our question is where is [REDACTED] in overseeing his employees. [REDACTED] has been given gas tax money that was not voted on by the citizens of the state and [REDACTED] cannot control where employees are using state time and resources for deviant behavior. Can you imagine the gas tax waste? [REDACTED] should be held accountable for allowing this to happen.

The No Toll Army has more corruption reveals from tips coming from our 50,000 group of energized people. [REDACTED] can thank [REDACTED] for giving us the \$6.00 tolls to encourage IT employees to come forward.
